Preludio.

La visione artistica della quiete  
The artistic vision of quietness

La visione artistica  
della quiete.

IT La visione

Artè è la visionaria gamma di soluzioni antiriverbero ideata, progettata e confezionata in Italia.

EN The vision

Artè is the visionary range of anti-reverberation solutions designed and manufactured in Italy.

FR La vision

Artè est la gamme visionnaire de solutions anti réverbération pensées, conçues et fabriquées en Italie.

DE Die Vision

Artè ist die visionäre Reihe von Anti-Nachhalllösungen, die in Italien entworfen und abgepackt wurde.

## L'arte e lo stile. My Artè

L'arte consiste nel plasmare la materia seguendo un'idea. Unica, originale e distintiva. Artè dà forma allo stile personale di ogni committente, interpretandone la visione cromatica, artistica, creativa e compositiva. I pannelli Artè vengono realizzati su misura, su disegno del cliente, in qualsiasi forma. Una creatività senza limiti che abbatta ogni confine.

## Art and style. My Artè

Art consists in shaping matter following an idea. Unique, original and distinctive. Artè gives shape to the personal style of each client, interpreting their chromatic, artistic, creative and compositional vision. The Artè panels are made-to-measure, according to the client's designs, in any form. Endless creativity that breaks down all boundaries.

## L'art et le style. My Artè

L'art consiste à modeler la matière selon une idée. Unique, originale et distinctive. Artè façonne le style personnel de chaque client, en interprétant sa vision chromatique, artistique, créative et compositionnelle. Les panneaux Artè sont fabriqués sur-mesure, selon le dessin du client, sous n'importe quelle forme. Une créativité sans limite qui abat toutes les frontières.

## Die Kunst und der Stil. My Artè

Kunst besteht darin, Materie nach einer Idee zu formen. Einzigartig, originell und unverwechselbar. Artè prägt den persönlichen Stil jedes Auftraggebers und interpretiert seine chromatische, künstlerische, kreative und kompositorische Vision. Die Artè-Paneele werden nach Maß, nach Vorlage des Kunden und in jeglicher Form gefertigt. Eine grenzenlose Kreativität, die alle Grenzen sprengt.

## La cura dei materiali

L'elevata qualità dei materiali e la cura artigianale della produzione valorizzano le peculiarità tecniche della soluzione fonoassorbente.

## Caring for the materials

The high quality of the materials and the craftsmanship of the production enhance the technical features of this stylish acoustic solution.

## Le choix attentif des matériaux

La qualité élevée des matériaux et le savoir-faire de la production renforcent les particularités techniques de la solution acoustique.

## Pflege der Materialien

Die hohe Qualität der Materialien und die handwerkliche Sorgfalt bei der Herstellung unterstreichen die technischen Besonderheiten der schallabsorbierenden Lösung.

# ARTÈ CURVE

---

I pannelli Artè Curve si caratterizzano, grazie alla particolare applicazione del tessuto in poliestere di rivestimento, per forme morbide e sinuose e sono perfetti per delineare, disegnare e decorare spazi di quiete, riposanti ed accoglienti.

Disponibili in numerose forme e dimensioni, si prestano soprattutto per applicazioni a soffitto o a parete.

Thanks to the special application of polyester upholstery fabric, Artè Curve panels are characterised by soft, sinuous shapes, perfect for outlining, designing and decorating quiet, restful and welcoming spaces.

Available in a range of shapes and sizes, they are especially suitable for ceiling or wall applications.

Grâce à l'application particulière du tissu de revêtement en polyester, les panneaux Artè Curve se caractérisent par des formes douces et sinueuses et sont parfaits pour délimiter, dessiner et décorer des espaces calmes, reposants et accueillants.

Disponibles dans de nombreuses formes et tailles, ils sont particulièrement adaptés aux applications au plafond ou au mur.

Die Artè Curve Paneele zeichnen sich durch die besondere Anwendung des Bezugs-Polyestergewebes für weiche und gewundene Formen aus und eignen sich perfekt zum Entwerfen, Zeichnen und Dekorieren von ruhigen, erholsamen und gemütlichen Räumen.

Sie sind in zahlreichen Formen und Größen erhältlich und eignen sich vor allem für Decken- oder Wandanwendungen.

# ARTÈ JUST

---

Artè Just è realizzata con una struttura essenziale che esalta la velocità di fornitura e pone l'accento sulla convenienza di una soluzione smart. Just è disponibile in 4 forme e 5 colori di rivestimento, con anima a vista in fibra bianca o nera. Da notare come, in fase di taglio, il tessuto viene saldato sui bordi per garantirne l'aderenza. È ideale per l'applicazione in aderenza alle pareti, mediante un semplice incollaggio o con calamite a basso spessore.

Artè Just is designed with a simple structure that enhances the fast supplying and emphasises the convenience of a smart solution. Just is available in 4 shapes and 5 upholstery colours, with a white or black fibre core. Of note is how, during the cutting phase, the fabric is welded at the edges to ensure proper binding. This is ideal for applications involving wall adhesion, either by simple gluing or with low-gauge magnets.

Artè Just est fabriqué avec une structure essentielle qui améliore la rapidité d'approvisionnement et met l'accent sur la commodité d'une solution intelligente. Just est proposé en 4 formes et 5 couleurs de revêtement, avec un noyau apparent en fibre blanche ou noire. À noter comment lors de la phase de coupe, le tissu est soudé sur les bords pour assurer l'adhérence. Il est idéal pour une application directe aux murs, par simple collage ou avec des aimants de faible épaisseur.

Artè Just ist mit einer essentiellen Struktur ausgestattet, die die Liefergeschwindigkeit erhöht und die Bequemlichkeit einer intelligenten Lösung betont. Just ist in 4 Formen und 5 Beschichtungsfarben erhältlich, mit offenem Kern aus weißer oder schwarzer Faser. Beachten Sie, dass der Stoff beim Schneiden an den Rändern verschweißt wird, um die Haftung zu gewährleisten. Es ist ideal für die Anwendung an Wänden, durch einfache Verklebung oder mit Magneten mit geringer Dicke.

# ARTÈ DESK & STANDING

Separare gli spazi, in luoghi affollati e condivisi, è una esigenza quanto mai attuale.

I pannelli Artè Standing, realizzabili con i modelli Feel e Need, permettono di suddividere uffici e locali in modo da garantire non solo una migliore efficienza operativa e funzionale, ma anche una efficace soluzione antiriverbero.

Lo stesso concetto vale anche per i pannelli Artè Desk in grado di trasformare ogni postazione di lavoro in un'oasi di quiete, privacy e sicurezza.

In crowded and shared places, separating the space is as important as ever.

The Artè Standing panels, which can be realised in the Feel and Need models, allow to subdivide offices and rooms in a way that not only ensures better operational and functional efficiency but also provides an effective anti-reverberation solution.

The same concept applies to the Artè Desk panels that can transform any workstation into an oasis of peace, privacy and safety.

Séparer les espaces, dans des lieux bondés et partagés, est un besoin très actuel.

Les panneaux Artè Standing, réalisables avec les modèles Feel et Need, permettent de diviser les bureaux et les pièces afin de garantir non seulement une meilleure efficacité opérationnelle et fonctionnelle, mais également une solution anti-réverbération efficace.

Ce concept est appliqué également aux panneaux Artè Desk qui peuvent transformer n'importe quel poste de travail en une oasis de paix, d'intimité et de sécurité.

Die Trennung von Räumen an überfüllten und gemeinsam genutzten Orten ist ein aktuelles Bedürfnis.

Die Paneele Artè Standing, die mit den Modellen Feel und Need hergestellt werden können, ermöglichen die Unterteilung von Büros und Räumlichkeiten, um nicht nur eine bessere betriebliche und funktionale Effizienz, sondern auch eine effektive Anti-Nachhalllösung zu gewährleisten.

Das gleiche Konzept gilt auch für die Artè Desk Paneele, die jeden Arbeitsplatz in eine Oase der Ruhe, Privatsphäre und Sicherheit verwandeln können.

# ARTÈ PHONE BOX

---

Nel corso degli anni la fruizione dei grandi luoghi pubblici è cambiata, soprattutto grazie alla diffusione di smartphone e tablet.

Sempre più spesso emerge, quindi, l'esigenza di ricavare al loro interno spazi di quiete e privacy, per permettere ai visitatori di dedicarsi alle proprie attività, professionali o personali, in modo pienamente confortevole.

Over the years, the use of large public spaces has changed, especially thanks to the spread of smartphones and tablets.

Increasingly, there is a need to create spaces dedicated to quietness and privacy within, to allow visitors to focus on their activities – be they professional or personal – in complete comfort.

Au fil des années, l'usage des grands espaces publics a changé, notamment grâce à la diffusion des smartphones et des tablettes.

Dès lors, le besoin d'y créer des espaces de calme et d'intimité résonne de plus en plus, afin de permettre aux visiteurs de consacrer du temps à leurs activités professionnelles ou personnelles en toute tranquillité.

Im Laufe der Jahre hat sich die Nutzung großer öffentlicher Plätze verändert, vor allem dank der Verbreitung von Smartphones und Tablets.

Zunehmend entsteht daher die Notwendigkeit, in ihrem Inneren Räume der Ruhe und Privatsphäre zu schaffen, damit sich die Besucher ganz bequem ihren beruflichen oder persönlichen Aktivitäten widmen können.

# ARTÈ PHONE BOX

Model 1

La soluzione più pratica e funzionale, con il tetto piano ed il rivestimento esterno realizzato con pannelli Artè.

The most practical and functional solution, with a flat roof and external cladding in Artè.

La solution la plus pratique et la plus fonctionnelle, avec un toit plat et un revêtement extérieur réalisé avec des panneaux Artè.

Die praktischste und funktionellste Lösung mit Flachdach und Außenverkleidung aus Artè.

# ARTÈ LIGHTING

Con Artè Lighting le soluzioni antiriverbero trovano una nuova ed evoluta forma espressiva, grazie all'inserimento di led luminosi all'interno della struttura dei pannelli.

Non solo decoro e quiete, quindi, ma anche la possibilità di creare disegni e giochi di luce, valorizzando al massimo l'estetica ed il comfort degli ambienti in cui sono inseriti.

With Artè Lighting, anti-reverberation solutions find a new and evolved form of expression thanks to the inclusion of luminous LED lights within the structure of the panels.

Hence, not only decoration and tranquillity but also the possibility of creating patterns and plays of light, enhancing the aesthetics and comfort of the rooms in which they are installed.

Avec Artè Lighting, les solutions anti-réverbération trouvent une nouvelle forme d'expression: plus avancée grâce à l'insertion de LED lumineuses au sein des panneaux.

Non seulement la décoration et le calme, donc, mais aussi la possibilité de créer des designs et des jeux de lumière, en profitant au maximum de l'esthétique et du confort des environnements dans lesquels les solutions s'insèrent.

Mit Artè Lighting finden die Lösungen eine neue und weiterentwickelte Ausdrucksform, dank der Einfügung von hellen LEDs in die Struktur der Paneele.

Nicht nur Dekoration und Ruhe, sondern auch die Möglichkeit, Designs und Lichtspiele zu kreieren, die die Ästhetik und den Komfort der Räume, in die sie eingebettet sind, maximieren.

# ARTÈ CURTAINS

---

Silenziosa presenza.

A silent presence.

Silencieuse présence.

Leise Präsenz.

# ARTÈ CURTAINS

Entrando in un ambiente spesso le tende non si notano.

Si percepiscono come parte integrante di una stanza, come uno sfondo di cui non si riconosce l'immediata consistenza fisica.

Sono presenze discrete e non invasive, a cui da sempre si chiedono funzioni ben precise.

Oscurare, proteggere, isolare.

Oggi, tuttavia, le tende possono andare oltre.

Mantenendo le proprie connotazioni di semplicità ed artigianalità di lavorazione, le Artè Curtains possono diventare "speciali", in quanto realizzate con materiali tecnici in grado di garantire un elevato e dimostrato livello di fonoassorbimento.

Often curtains are not noticed when entering an environment.

They are perceived as an integral part of a room, like a backdrop, with no mind being paid to their immediate physical consistency.

Their discreet and non-invasive presence has always been a desired and clearly-determined function.

Darken, protect, isolate.

Today, curtains can go even further.

Maintaining their traits of simplicity and craftsmanship, Artè Curtains can become truly special by being created with technical materials able to guarantee an elevated and proven level of sound absorption.

En entrant dans une pièce, nous ne remarquons pas toujours les rideaux.

Ils sont perçus comme partie intégrante d'une pièce, comme un décor dont la consistance physique immédiate n'est pas notée.

Il s'agit de présences discrètes et non invasives, qui toutefois doivent répondre à des fonctions spécifiques.

Occulter, protéger, isoler

Aujourd'hui, les rideaux peuvent aller plus loin.

En conservant la simplicité et l'artisanat, les Artè Curtains peuvent devenir "spéciaux", car ils sont fabriqués avec des matériaux techniques capables de garantir un niveau d'absorption acoustique élevé et éprouvé.

Beim Betreten einer Umgebung werden die Vorhänge oft nicht bemerkt.

Sie werden als integraler Bestandteil eines Raumes wahrgenommen, als Hintergrund, dessen unmittelbare körperliche Konsistenz nicht erkannt wird.

Es handelt sich um diskrete und nicht-invasive Präsenzen, die seit jeher nach präzisen Funktionen gefragt sind.

Verdunkeln, schützen, isolieren.

Heute können die Vorhänge jedoch noch weiter gehen.

Unter Beibehaltung ihrer Konnotationen von Einfachheit und handwerklicher Verarbeitung können die Artè Curtains "besonders" werden, da sie aus technischen Materialien hergestellt werden, die ein hohes und nachgewiesenes Schalldämpfungsniveau gewährleisten.

# ARTÈ HEATING

Il livello di comfort di un ambiente, qualsiasi sia la sua destinazione d'uso, è da sempre legato a due variabili fondamentali: il silenzio e la temperatura interna, che deve essere piacevole ed accogliente, soprattutto d'inverno.

Artè Heating combina pannelli fonoassorbenti e pannelli radianti all'interno di soluzioni a parete ed a soffitto in grado di creare ambienti armoniosi e rilassanti, dove il soggiornare diventa un'esperienza pienamente appagante per il corpo e per la mente.

The level of comfort within a room, whatever its intended use, has always been linked to two fundamental variables: silence and the internal temperature, which must be pleasant and cosy, especially in the winter.

Artè Heating combines sound-absorbing and radiant panels within wall and ceiling solutions to create harmonious and relaxing environments, where spending time becomes a truly satisfying experience for body and mind.

Le niveau de confort d'un environnement, quelle que soit sa destination, a toujours été lié à deux variables fondamentales: l'acoustique et la température intérieure, qui doit être agréable et accueillante, surtout en hiver.

Artè Heating combine des panneaux insonorisants et des panneaux rayonnants dans des solutions murales et au plafond qui créent des environnements harmonieux et relaxants, où le séjour se transforme en une expérience satisfaisante pour le corps et l'esprit.

Das Komfortniveau einer Umgebung, unabhängig von ihrem Verwendungszweck, ist seit jeher an zwei grundlegende Variablen gebunden: die Stille und die Innentemperatur, die vor allem im Winter angenehm und einladend sein muss.

Artè Heating kombiniert schallabsorbierende Paneele und Strahlungspaneele in Wand- und Deckenlösungen, die harmonische und entspannende Umgebungen schaffen, in denen der Aufenthalt zu einem Erlebnis wird, das Körper und Geist voll erfüllt.
